

BIO 201: Cell Biology

Fall 2025 — Whitman Science Center, Ridgeline State University

Instructor: Dr. Sofia Reyes (reyes@ridgeline.edu), Whitman 210

Lecture: Mon/Wed/Fri 9:00–9:50 AM, Whitman 140

Lab: Wednesdays 2:00–4:50 PM, Whitman 022

Office hours: Mondays 10:00–11:30 AM, Whitman 210

Term: Classes begin Monday, August 25, 2025 and end Friday, December 12, 2025.

Grading

Component	Weight
Lab reports (4, 5% each)	20%
Problem sets (2, 5% each)	10%
Exam I	15%
Exam II	15%
Term paper	15%
Final exam	25%

Key Dates

Item	Due
Lab Report 1	Friday, September 19, 2025
Problem Set 1	Monday, September 29, 2025
Lab Report 2	Friday, October 10, 2025
Exam I (in class)	Wednesday, October 15, 2025
Lab Report 3	Friday, November 7, 2025
Exam II (in class)	Friday, November 21, 2025
Problem Set 2	Monday, November 24, 2025
Lab Report 4	Friday, December 5, 2025
Term Paper	Friday, December 5, 2025
Final Exam, 9:00 AM	Monday, December 8, 2025

Course Overview

Structure and function of the eukaryotic cell: membranes, organelles, the cytoskeleton, cell signaling, the cell cycle, and an introduction to cancer biology. Weekly three-hour labs reinforce lecture material with microscopy and standard molecular techniques.

Policies

Lab attendance is mandatory; a missed lab cannot be made up. Problem sets are due at the start of lecture. The term paper (8–10 pages) may cover any topic in cell biology approved by the instructor before November 1.
